Dear Principal Rivers,

Upon viewing the posting for a Spanish Teacher at Oak Parks High School, I wish to express my enthusiasm for this exciting role and humbly submit my resume for your consideration. I am excited about the prospect of working at Oak Parks High School, as I read that your school is committed to equity and diversity. I value these traits greatly, which is why I think I would be a perfect fit for your school!

As an honors graduate with a Spanish degree, I am passionate about education and sharing my love of the Spanish language with students. I am a culturally competent teacher and am well versed in various interactive teaching methodologies and technology integration.

My three summers volunteering in Costa Rica have helped me develop into a well-rounded, unique individual with gratitude for diversity. As a tolerant and compassionate educator, I am prepared to work with individuals from various socioeconomic and cultural backgrounds. Sensitive to the needs of each student, I aim to provide the highest level of tailored care and devotion. My volunteering experience has equipped me with a set of highly useful attributes: I manage time efficiently, am extremely patient, find creative ways to engage all students, and am extremely flexible.

I strive to create positive relationships with students and colleagues alike to create a trusting and positive work environment. My openness and adaptability allow me to work well with every personality and build lasting bonds. I hold myself to a high standard and always model positive behavior.

I am confident my experience and background prepare me for this exciting role as a Spanish Teacher. I would gratefully welcome the opportunity to join your staff. Please find my resume attached and do not hesitate to contact me if you have any questions. I look forward to further discussing my qualifications.

Thank you,

Aryan Patel
